

NUMILOG BRINGS FRENCH EBOOKS TO AMERICAN LIBRARIES

December 16th 2015

Numilog is the #1 French aggregator of ebooks, and has been offering digital lending solutions to libraries for 12 years.

Since 2015 its catalog of French titles is sold to USA's fans of ebooks on www.ebookezvous.com

This large catalog of French titles is now available for American libraries and Numilog will present its digital lending solutions on the ALA Midwinter meeting.

The catalog includes recent French best sellers, recent and classical French author's literature titles and sciences, social sciences, history or philosophy titles. Major French publishers such as HACHETTE and ALBIN MICHEL are included.

Numilog offers a full range of business and technical solutions to libraries, including its own mobile apps: back office, front office or API solutions for librarians, download and streaming accesses for patrons.

Numilog welcome all the American librarians to visit its **booth #2246** for a full demonstration. Just in front of the Book Buzz Theatre!
